

New Zealand Strength & Conditioning Level 2 Practitioner Accreditation

The accreditation will bridge the gaps between skill sets, encouraging competency and greater proficiency. With a growing community of advanced practitioners to support your development and growth, becoming a part of the NZ S&C community is a great opportunity to establish connections and advance your knowledge with leading professionals.

Benefits include:

Networking opportunities

National accreditation

Become part of the NZ S&C Community

Reflective of NZ and it's culture

Annual SESNZ conference

Online content

Social Media updates
